

DENNIS WU

COMPUTER SCIENCE STUDENT

✉ wud@bu.edu ☎ +65 85317516

EDUCATION

Boston University

BA in Computer Science

Minor in Korean

2015 - 2019

- GPA: 3.84/4.0
- Relevant Coursework: Software Engineering, Analysis of Algorithms, Data Structures and Algorithms, Probability in Computing, Computer Systems, Functional Programming, Android App Development
- Dean's list (2015-2018)

National University of Singapore

School of Computing (Study Abroad)

2018

- Relevant Coursework: Interaction Design, Information Security

EXPERIENCE

Coder Inc., *Developer Intern*, Chicago, IL

June 2018 - Aug. 2018

- Implemented an automated user verification service into Coder's main website using HTML/CSS/Ruby/PostgreSQL and Onfido's SDK.
- Worked closely with a client and two designers to design and develop the landing page for AceAnatomy's web app with Foundation's front-end framework and HTML/CSS/JS.
- Created an easily customizable Telegram bot for Coder's chat channel, allowing for automated assistance for customers.

Incluvie, *App Developer*, Boston, MA

Jan. 2018 - May 2018

- Developed an android app for Incluvie using Java in Google's Android Studio IDE using TMDB's api.
- Worked in a team of 4 app developers in an agile development environment.

SKILLS

CODE: Java, Python, Javascript, Ruby

WEB DEVELOPMENT: HTML/CSS, Flask, Ruby on Rails, React (Currently Studying)

OTHER LANGUAGES: Chinese (Vocal), Korean (Conversational)

PROJECTS

CoderBot

- A chatbot for Coder's Telegram channel with a modular backend for easy customization by executives.
- Programmed with **Python** and **Telegram's API**.

Know-Your-Customer Flow

- Coder's verification service to whitelist potential customers.
- Implemented this service on existing codebase with **Ruby on Rails** and **PostgreSQL**.

Buzz

- Web application that uses OAUTH to combine various social media feeds into a singular page.
- Developed using **HTML/CSS/JS** and **Python/Flask**, and **Twitter/Tumblr/LinkedIn APIs**.

ACTIVITIES

BU PC Gaming Club, *Secretary / League of Legends Coordinator (2015-2016)*

2015 - 2018

- Organized tournaments and scheduled events for our school's gaming club.
- In charge of communication with the community and connecting the club with sponsors.

League of Legends Division 1 Team, *Team Leader*

2015 - 2018

- Participated in Riot Games' University League of Legends circuit, placing 19th in the US.
- Responsible for organizing team practices and maintaining a healthy team environment.
